Tickets

Where can I buy tickets?

The exhibition's official ticketing partner is Lippu.fi. We recommend purchasing tickets online in advance to make your arrival as smooth as possible and secure admission at your chosen time.

Are open-date tickets available?

Yes. An open-date ticket lets you visit at a time of your choice during the ticket's validity period, without booking a specific date or time.

An open-date ticket makes a great gift and is ideal if you have not yet decided when to visit. The ticket is valid until 22 January 2027 and allows one admission.

Please note that an open-date ticket does not allow you to skip queues.

What should I do if I am late for my booked time?

Don't worry. Please arrive as soon as you can, and we will admit you at the next available time slot. At busy times, you may need to wait a little before entering.

If you expect to arrive much later than your booked time, you can check the ticketing website to see whether tickets are still available for your preferred time. Please note that availability can change quickly.

Are family tickets available?

Yes. A family ticket includes admission for four people, no more than two of whom may be over 18.
